

NL 4023 X / 003

NL 4023 X / 002

Product Code: NL4023X / 002 & 003

Air Entrainment Meter

Standard: EN 12350-7 / DIN 1048, ASTM C231

Description:

Used to determine the air content in fresh concrete. An aluminium vessel connected to the measuring gauge showing directly the air content in percentage. Come with two types of operation, manually & electrically operated.

Technical Specifications

Chamber Capacity: 8 Litres	Operation Type: Manual operation (002) / Electrical operation (003)
Air Content Range: 0-10%	Pressure Control: Hand pumping and pressure relief (002) / Electrical pumping (003)
Pressure Gauge: High-accuracy pressure gauge for precise measurements	Construction Material: High-grade aluminum construction
Seal System: Double sealing system to prevent air leakage	Portability: Portable design for field testing
Compliance: Fully compliant with international standards	Weight (Approximate): NL4023X / 002: 15 kg, NL4023X / 003: 18 kg
